Election pow-wows fill the air.
DAILY SHIP SCORE: In Port Arthur, 3; at Beaumont, 2.

With 40,000 people here, additional parking programs will be carried on all throughout.

Building permits for the past week totaled \$47,143. A total of 67 permits were issued.

When they mentioned salaries yesterday in committee meeting, Chief Word's ears pricked up. "Howzat?" he said.

CRUMPS TO BE CROWNED: The guy that "clays down" on the cafe counter and sticks his elbows in your jaw while you're trying to dine.

Chief of Police M. B. Word got a "Christmas package" today. Opening it, he found a bunch of big yellow pencils Joe Grammer, undertaker, is distributing.

Poundmaster "Shotgun" Allen said today he hasn't shared his mustache in 40 years. Now would you have thought the poundmaster was old enough to grow a mustache 40 years ago?

Desk Sergeant Ben Wiley opened a barber shop in police headquarters shortly after noon today. He was the only customer, and closed the shop after shaving himself "for lack of customers," he explained.

Man from Palestine says lodging from looks of things he can't see why court house isn't moved down here now instead of hereafter, as Port Arthur is metropolis of the county and naturally will be its capital soon.

Joe Park played King Tut re-enactment at Port Arthur's Model Hotel luncheon on the Hotel Beaumont roof at noon today. Dick Richardson named a ship at "Port Arthur's docks," and the luncheon drew the biggest crowd of visiting Rotarians of any of the similar luncheons held.

GAS PRICE WAR ON AT KANSAS CITY

KANSAS CITY, Mo., March 20.—Motorists chafed at a gasoline price war loomed here today.

Three local companies trimmed the price of gasoline one cent a gallon yesterday. Then came the Benz Gas Company and announced that the retail price today would be 17 1/2 cents a gallon, a reduction of two cents.

INDIAN DIES AT 126

TONE, Cal., March 20.—Waiting for the dead continued among Indians of Jackson Valley today as a result of the death of Susie Canner, reported to be 126 years of age. She claimed to remember vividly the coming of the first Spanish and Mexicans to Northern California.

STETTINIUS BETTER AFTER AN OPERATION

NEW YORK, March 20.—Edward R. Stettinius, member of the firm of J. P. Morgan and Company, who was operated on last night for an abdominal abscess, was said this morning at Roosevelt Hospital to be "doing splendidly."

CHICAGO STOCK YARDS HAS \$250,000 FIRE

CHICAGO, March 20.—Fire at the Chicago stock yards early today caused a loss of about \$250,000. The plant of the Mercury Manufacturing company was totally destroyed. Fifty electric trucks were lost in the blaze.

Health Center Tomorrow

The Child Health Center will be held Wednesday afternoon at the Red Cross hut, Fifth and Dallas avenue, beginning at 2 o'clock.
Dr. M. Sverdrup, assisted by Dr. A. C. Kolk, will give physical examinations to all children brought to the clinic. Miss Martha Lawless, public health nurse, will be in attendance. All mothers are invited to bring their children to the clinic for free examination.

Five More Days in News Hat Contest

Only five days left for you to draw your Easter hat.
The contest ends Saturday, March 24, at midnight. If you are the lucky winner, The NEWS will present you with a new bonnet for wear Easter morning that retails here between \$25 and \$30. The hat you win will be one of 12 models picked by a jury of 12 famous Paris designers and posed by Billie Burke in the April issue of The Ladies Home Journal.
All you have to do is to turn in Page 3 and draw or design a hat on the model here in pen, pencil or crayon. Then deposit your check, undecorated.

Cotton Mill Export Warehouse Looms for Port Arthur

Possibilities of a warehouse being located in Port Arthur by a subdivision of the Texas Farm Bureau association rose today with the announcement that the first of a string of such structures would be erected in Dallas, and that John T. Orr, president of the association, would arrive here soon to inspect the warehousing facilities of this port.

Construction of the string of warehouses over Texas, and along the prominent ports of the state call for the expenditure of between \$3,500,000 and \$5,000,000.

The new warehouse system will be operated for the benefit and profit of the Farm Bureau association, it is said.

Mr. Orr leaves Dallas tonight to inspect the warehouse facilities of Port Arthur, Houston and Galveston. His coming follows other surveys made here a year and a half ago along this line, and all of which look toward the construction of additional industries in Port Arthur, calling for the expenditure of thousands of dollars and subsequent employment of hundreds of men. At that time a favorable report on Port Arthur was made.

In this connection, news dispatches from Washington announced that the Port Arthur

Canal and Dock Company of Texas had applied today to the interstate commerce commission for permission to issue and sell \$2,000,000 for first mortgage bonds to be guaranteed by the Kansas City Southern Railway company and the Texas & Fort Smith railroad, parent corporations of the dock company.

The purpose of the bond issue is to provide funds for new construction on the Port Arthur docks, which has been forecast from time to time by The News, to reimburse the secretary of the company for additional facilities already constructed and for expansion of elevator A

here at a probable cost of \$600,000.

Application was made at the same time by the dock company for permission to lease its properties to the Texas & Fort Smith company for a period of 30 years.

The steps taken by the Port Arthur Canal and Dock company is taken here as indicative of the investigations made here some time past, when inspectors looked over the warehousing facilities of the Port, and, in connection with the announced visit of Mr. Orr, to indicate that every step looking toward the location of one of the state farm bureau warehouses in this city will be made.

NEFF APPROVES DEFICIENCY BILL

Measure Carries \$428,509 Appropriation

129 Awaiting ACTION

Deficiencies to Amount of \$192,050 Authorized

By United Press.

AUSTIN, March 20.—Governor Neff today approved and filed the deficiency bill filed and passed by the regular session of the legislature, carrying an appropriation of \$428,509 for payment of deficiencies for support of the state government during the fiscal year ending August 31, 1922. The bill became a law immediately after the governor had filed it. The governor also approved and filed the constitution proposing an amendment to the constitution to increase the Confederate pension tax from five to seven cents.

22 Bills Filed

Nineteen local bills without the governor's signature and three with his signature were filed today. There are 129 bills yet to be acted upon by the executive.

The deficiency bill approved today contains an item of \$60,000 for the payment of deficiencies for support of the state government during the fiscal year ending August 31, 1922. The bill also contains an item of \$132,050 for the payment of deficiencies for support of the state government during the fiscal year ending August 31, 1922.

Deficiency Item

There is a deficiency item carried in the bill for \$192,050 for fees and costs of sheriffs, attorneys and clerks in felony cases; also an item of \$33,000 for fees of county judges, county attorneys, justices of the peace, sheriffs, constables, in examining attached witnesses and witness fees and mileage allowed witnesses in felony cases who reside in counties other than the counties in which the case is being tried.

The three local bills signed include the measure keeping islands in Big Bay, Cameron county, to the Audubon Society for the purpose of propagating game birds and water fowl for a period of fifty years with full protection.
The governor also filed the senate concurrent resolution urging the governor to reconsider his call for a special session to convene Thursday, March 15. It was filed with the executive's signature.

MITCHELL GIVEN DEATH PENALTY

Jury Assesses Penalty Second Time in 2 Days

WACO, March 20.—Roy Mitchell, alleged murder fiend, was today found guilty of murder and sentenced to death for the second time in two days. It took a jury but three minutes to bring in a guilty verdict on a charge that he had slain beautiful Mrs. Ethel Jacobs Duncanson, 21, whose body, with that of W. E. Holt, 45, was found at a lonely spot five miles from here on the afternoon of January 21.

Mitchell was found guilty of the Holt murder and given the death sentence in that case last Saturday night.

LANSDOWNE WINS IN AUSTIN MAYOR RACE

AUSTIN, March 20.—In the city primary election held yesterday, U. V. Lansdowne led Mayor W. D. Yates, 270 votes in the majority race. While Austin's voting strength is 12,000, only 4,000 votes were polled in the primary.

Oil Makes Her Millionaire But Stenographer Works for \$125

"I Like My Work and Will Continue," Says Breckenridge, Texas, Girl, Grown Suddenly Rich

BRECKENRIDGE, Texas, March 20.—Miss Elsie Harrin was back at her stenographic job in the county clerk's office this morning, despite having suddenly become the richest woman in this section.
She took a little vacation recently and went to the Spackover oil fields to look at a 45-acre tract of land she owned there. While at the oil fields, she gathered gas in near her property, and she was immediately the recipient of an astounding offer. She turned them all down and is still the owner of the tract, conservatively valued at \$2,000,000.

"I like my work and will continue as a stenographer," she said as she traced her fingers over the keyboard of her machine, and prepared to copy a court order. She gets \$125 per month for that sort of thing.

LUNDIN FIGHTS

Chicago's 'Boss' Accused of Looting School Funds

CHICAGO, March 20.—Chicago's greatest political "boss" went on trial today, indicted on a charge of looting the city school fund of a million dollars.
Fred Lundin, known as the power behind the Thompson machine which has for many years controlled the politics at Chicago and at times, Illinois, with twenty-one other defendants, fought to have the indictment quashed.
Former members of the school board, minor city officials and employees of the board, including Virgil C. Rohrer, Lundin's nephew, were named with the former "boss" in the indictment.

35 Houses at Key West Consumed in Flames

KEY WEST, Fla., March 20.—Thirty-five dwellings were destroyed by fire here today.
The fire was brought under control when enlisted men from the army and navy stations were called in to aid firemen.

TALIANI AT DETROIT ORGANIZE FASCISTI

DETROIT, March 20.—Organization of a branch of Fascisti in this city is being undertaken by Italiani. It was learned today.
Pietro Cardillo, Italian consul in Detroit, admitted that Italiani here were being approached regarding formation of a Detroit unit of the "Black Shirts."

ITALIAN STEAMER IN DISTRESS ON ATLANTIC

NEW LONDON, Conn., March 20.—An Italian steamer, the steamship Guilina, is in distress and sending out "S. O. S." signals from latitude 41.37 north, longitude 65.32 west, according to messages picked up by the radio station here.
Three steamships close by, the Westlake, Talosa and Tunisian, have gone to the Guilina's assistance.

NEW EFFORT TO REFUND DEBT

Other Allies to Be Included in Negotiations

\$6,400,000,000 UNPAID

Ruhr Settlement Contingent On French Payment

By United Press.

WASHINGTON, March 20.—New negotiations for settlement of the remaining \$6,400,000,000 allied nations owe the United States will soon be undertaken. Italy, France, Belgium, Slovakia and others may be informed officially, it was learned at the treasury department today. This government is prepared in view of the British arrangement to proceed further with the task of refunding.

Intend No Haste

While there is no disposition of this government to hasten negotiations with nations which have not yet paid, members of the American refunding commission believe it is proper that the remaining debtors should be invited to negotiate on the basis of the British settlement or to suggest terms.

There is every chance that some of the nations at least will accept this opportunity, officials believe. France had continued in negotiations under taken last summer, but her financial condition was such then that she would be unable to pay immediately.

Owe \$2,770,000,000

Satisfactory settlement of the Ruhr might encourage resumption of negotiations, it is thought.

France owes \$3,770,000,000, and if the amount was funded, there would remain a little more than \$2,000,000,000 outstanding.

Millionaire Actor

"I'd rather starve in the movies than make \$1,000,000 a year in Wall Street," said Craig Biddle, Jr., shown above, son of a wealthy Philadelphia family. So Biddle took \$500 and went to Hollywood where he's trying to break in.

60 INJURED

Street Cars Crash in Springfield, Mass.

SPRINGFIELD, Mass., March 20.—Sixty persons were reported injured when two street cars collided in East Springfield today.

All the city's ambulances were summoned to the scene and notification sent to hospitals to be ready to care for many injured. Most of the passengers were factory employees on their way to work.

Wilson Victim of Entente Propaganda, Says Princess

Ex-Kaiser's Bride Talks of Cabbages and Kings—Is Pessimistic Over Germany's Future

(NOTE: President Wilson saw the world through rose colored glasses, the Kaiser's bride it seems a fact to have thick soup, baked sole and cake for dinner, the crown prince was near starvation recently, and the Princess Hermine's little boy was called a bolshevik because he showed a little independence. These are some of the interesting features of the second installment of John's exclusive interview with the ex-emperor's bride at Doorn. The third article will be published tomorrow.)

BY FERDINAND JAHN

(Copyright, 1922, by United Press Association. Copyright in Canada.)

DOORN, March 20.—"What I reproach my former President Wilson for the most is that he saw the world through rose colored spectacles."

With this succinct comment, the Princess Hermine, bride of the ex-kaiser who was exiling the only interview she has accorded since her marriage, summarized her impressions of America's war-time president, based upon her reading.

Contrary to most of her countrymen, the princess did admit belief that Woodrow Wilson had idealistic motives. "But he didn't hold it necessary to seek—on from neutral—a picture of actual conditions in Germany."

Wilson, therefore, Hermine continued, "was a victim of entente propaganda—entirely without fault on his own part."

Criticizes Wilson

"His long absence from the Paris conference is difficult to reconcile with the role of world arbiter which he believed himself called."

"Finally, that author was right who said Woodrow Wilson, if not intellectually, inferior, was subordinate."

PRAISE HOSPITALITY

Model Luncheon Today Features Convention

With a stage made up as a dock and the scenery a ship, manned by Dick Richardson as skipper, and sailor "boys" dancing on the "deck," Port Arthur's model Rotary luncheon on the roof of Hotel Beaumont today drew the largest attendance of any of the model luncheons given for the 1,000 Rotarians attending the district conference in Beaumont.

Joe Park, made up as King Tut, was brought into the luncheon in a mummy case and blithely sang a song after the case was opened. Miss Horlene Smith, director of music in the Port Arthur city school, sang, and six Port Arthur girls dressed as sailor lads sang and danced.

Bishop "Mike" Speaks

The principal address of the luncheon was delivered by Bishop "Mike" Quinn of Houston. Rollin Drake, superintendent of the case and package division of the Texas Company, had charge of the program at the model luncheon, and George Sims, president of the Port Arthur Rotary club and superintendent of schools, presided.

BEAUMONT, Texas, March 20.—With District Governor John Singleton presiding, the 1923 conference of the 12th district of Rotary formally opened with the first business session at the First Methodist church. One thousand delegates were in their places when the gavel fell. The morning session was taken up with an address by Ralph Brinhol of Ogden, Utah, official visitor from International Rotary Organization for the real work of the conference was to have been completed at the afternoon session.

The program today will conclude with a dinner and ball tonight. Wichita Falls, Texas, was unanimously selected for the 1924 conference.

Committees Named

The following committees were appointed at the sessions today by District Governor Singleton: (Turn to Page 2, Col. 5)

SEEK TO EXTEND EXPRESS ZONES

Free Delivery Limited, Logan Asks Wider Haulage

Following information brought to his attention concerning the delivery of packages by the American Railway Express Company, Mayor Pink Logan ordered the city clerk Monday afternoon during commission meeting to address a communication to the "free" delivery, extended to "various sections of Port Arthur which are now said to be unprotected."

Mayor Logan said, "I understand the company does not carry express packages at the present time beyond Eleventh street between Fort Worth and Railroad avenues, and that they do not cross Railroad avenue with 'free' delivery."

"It has also been called to my attention that express packages are not carried further than Eleventh street east from Fort Worth avenue, and that the wagons of the company do not go out further than the 2900 block in Model addition."

"With Port Arthur growing rapidly, and with a population of over 40,000 inhabitants here now, we ought to have the service extended."

The letter was instructed written yesterday afternoon.

2 WHITE MEN, NEGRESS HELD ON COMPLAINTS

Charged With Arson, Robbery of Thomas Store

LOOT IDENTIFIED

Others Sought in Connection With Fire Epidemic

The veil of mystery that has shrouded fires and burglaries in Port Arthur since the latter part of 1922 was partially lifted here today, when, through the efforts of the city police department, formal charges in connection with a recent fire were filed against two white men and a negro woman.

The complaints, charging burglary and arson, were filed against Pete Kibbie and Wallace Burr, two young white men, and Edith Taylor, negress, in connection with the burning of the T. Thomas store, on Houston avenue the morning of Oct. 4, 1922. With the arrest of the three persons now held in the city jail, according to Detective Chief R. O. Parsley, over \$800 worth of clothing has been recovered, some of which has been identified.

Complaints against Kibbie, Burr and the Taylor negress were brought by Detective Parsley, and were filed this morning at the police station before J. W. O'Neal, assistant district attorney for Jefferson county.

Other arrests were promised by the police, and it was intimated that "other persons are being sought" in connection with the series of fires which have mystified Port Arthur.

Two of the persons against whom the complaints were brought have been in the city jail here for several days, while the police were working diligently to solve some of the recent blazes.

Hearing Today

After 10 days of work, which kept them on the trail and on the go for early break of day to a few hours of the morning, Police Chief M. B. Word, Chief Parsley, Detective Ben Cowan and L. Sinitiere were able this morning to bring complaint in connection with the Thomas fire.

The trio were given preliminary hearings this afternoon at 3 o'clock in Port Arthur.

The first arrest in connection with the burning of the T. Thomas store was made here when Officer Sinitiere and Cowan located Edith Taylor, the negress, behind a shack on Houston avenue last Tuesday morning at 1 o'clock. The negress had been hunted by the officers in Sabine and at numerous other places where she was reported as having been seen.

Kibbie was arrested Saturday night on Ninth street, and Burr, whose home is located in Lake Charles, La., was located at that place, and his arrest ordered by Detective Chief Parsley. Soon after he was placed under arrest, Detective Sinitiere went after him, bringing the Louisiana back to Port Arthur yesterday morning and lodging him behind steel bars.

Negress Talks

The arrests were made on the strength of evidence gathered by the police department, through the efforts of Chief Word, Detective Parsley, Cowan and Sinitiere, and through statements made by the Taylor negress.

"On the night of the fire, Wallace Burr and Pete Kibbie came to my house," the negress told Detective Cowan, he said. "They had a car filled full of merchandise, coats, hats, shoes, etc."

"They put the stuff in my attic. I helped the boys carry the stuff in the house. There were tags on a number of the coats, some marked \$27.50. Then there was a lot of shoes, overalls, women's hats, silks, slippers, and they were all wrapped up in blankets and taken away."

"This was the stuff that the boys said they didn't want to see. They said that they couldn't get much out of it," the negress continued, according to Detective Cowan. "After that there was some stuff put in two trunks. They were packed full. The boys then left the house, and in about 30 minutes I heard the fire whistle, and looked out and saw Thomas store burning."

"Wallace Burr stayed around my house several days after that. I heard him laughing and joking about the fire, and he would say: 'Wall, we sure got the store on fire.' We all talked about it and laughed about it at different times, and said: 'That sure was gone.'"

To Chief of Detective Parsley, negress was placed in jail.

Muldoon Displeased With Champions Fighting Mere 'Set-Ups' to Evade Bouts

**New York Chairman Intimates Others May
Join Discarded Brig Unless They Show
Willingness to Meet Formidable Contender**

NEW YORK, March 20.—More noble champions will join Johnny Kilbane and Johnny Wilson in New York pugilistic brig if they don't get out of hiding, William Muldoon, chairman of the boxing commission said today.

"Joe Lynch, Mickey Walker, Benny Leonard and Gene Tunney are getting the commission mighty tired running around the no-decision circuit with handpicked setups. They'll all be set down soon, if they don't show an inclination to do something in defense of their titles," Muldoon said.

"Gene Tunney is now talking about fighting Mike McTigue for the world's championship when he knows that such a bout could not be arranged for months if it could be brought about at all.

"Before Tunney goes out after more titles he should attend to the one he possesses: he ought to give Tom Gibbons a chance and he may be forced to do it.

"Mickey Walker, the welterweight champion, talks of nothing but bouts out of his class. He has been trying to get Johnny Wilson back in good standing so he can fight him for the middleweight championship.

"Walker has the Shaoh, among others, in his own class, but he seems to have forgotten it. If Walker insists upon a middleweight bout he ought to pick up Wilson and go after Jack Malone, who is now recognized as the champion. I don't think he will be interested in Malone, however.

"Benny Leonard, the actor, is another class jumper. When he goes through with his Broadway bouts, he ought to pick up Walker for the welterweight title. The commission will be much more interested in seeing the lightweight champion mingle in his own set with Low Tindler or Sailor Friedman, both of whom would give him all he wants.

"Joe Lynch is perhaps the worst of all offenders. He is not particular about meeting even first class setups. He will have to get busy soon and fight either Carl Trennau or Johnny Curtin. They are just as deserving of a chance to win the title as Joe Lynch. He seems to have forgotten that."

Muldoon intimated that the Kilbane-Curtin fight will not be permitted in New York as Kilbane is under suspension, has no license, and will not be given one.

GOLE MATCH TO BE PLAYED HERE ON APRIL 8TH

Details Announced Here This Morning

By HILL ARCHER
Arrangements were completed definitely today for the second round of play in the Inter-City Golf League to be held at the Port Arthur Country Club on April 8, the second Sunday of the month.

At the instance of the Port Arthur Club, letters were mailed to Orange, Lake Charles and Beaumont to urge that the match-play be deferred until the second Sunday. It had previously been the plan of each club to meet here on the first Sunday of April to participate in the matches.

With the announcement that play would be postponed for a week longer after the first of April, enthusiastic golfers announced this morning that the best players on the Country Club course would be chosen to represent Port Arthur in the league games.

"All golfers are requested to drop their score cards in the big box at the Country Club, giving their scores between now and April 8," George Crute announced this morning in this connection.

From the list who put their cards in the box, the representatives from Port Arthur in the tournament will be drawn. We will pick the six men with the best average score for the tournament.

Mr. Craig said it is orange, Beaumont and Lake Charles, according to letters mailed Port Arthur club officials, had expressed themselves as ready in favor of holding the match scheduled for the local Country Club on the second Sunday of April rather than on the first, which happens to be the first day of the month of April.

It is understood elaborate plans for the entertainment of the golfers and the galleries at the local meet will be made during the next week, although no definite announcements have been made.

MAY HOPES TO ROUT EXPERTS OF PAST YEARS

Dub of One Season Comes Back

NEW YORK, March 20.—A hero one season, a dub the next. That in one short sentence sums up the career of Carl Mays of the New York Yankees in the last two years.

During the 1927 season Mays led the American League pitchers in the most feared and effective striking in the organization. He was, with Walter Hoyt, the outstanding figure in the series that year from an American League standpoint.

Last season Mays was just an ordinary pitcher. He got away to a bad start and lost the sublime confidence that featured his work the previous season. In addition, he appeared overweight, and as is usually the case with a losing pitcher, all the breaks seemed to go against him.

May, in 1927, was able to win only a little more than half the victories he scored in 1927.

Shortly after the close of the season the Yankees asked for waivers on the pitcher who the year before had been the American League's best pitcher in the Johnson organization, waived on him. Cincinnati, one of the National League clubs, refused to waive Mays, and he was traded to the Yankees.

What about the coming season? Just before the Yankees departed for the south, Walter Hoyt, one of the stars of the teaching staff in discussing the club's chances, remarked: "Don't overlook Carl Mays when figuring our chances. Throw out his showing last year. He is going big in 1928 or I am badly mistaken. Mays is far from being through. Still a great pitcher."

Reports from the south seem to bear out Hoyt's opinion. Mays has reported in the best condition of his career. He is 20 pounds lighter than last season, and already seems to have recovered his fast ball which was lacking last year.

**NEW MEN ARRIVE
FOR DALLAS STEERS**
DALLAS, March 20.—The Dallas Steers infield has been augmented with the arrival of Bobby Stow and Mike Massey. The Omaha Robins are due to open a three-game series here today. The cold wave which called off yesterday's game with Tulsa seems to be abating and it looks like a game this afternoon.

**DONOHUE'S PITCHING
BRINGS RED JUBILEE**
ORLANDO, March 20.—The Reds today were jubilant because of the wonderful pitching of Donohue yesterday at Lakeland against the Cleveland Indians. Pete did not permit a hit in the five innings he pitched.

A Frenchman was kept from entering America because he was crazy, but we think he was showing good sense.

FIFTY YEARS AGO
A young man who practiced medicine in Pennsylvania became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. This was Dr. Pierce, who finally made up his mind to place some of his medicines before the public, and moving to Buffalo, N. Y., put up what he called his "Favorite Prescription" and placed it with the druggists in every state.

Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. After suffering pain, feeling nervous, dizzy, weak and dragged-down by weaknesses of her sex—a woman is quickly restored to health by its use. Thousands of women testify that Dr. Pierce's Favorite Prescription has entirely eradicated their distressing ailments.

More recently that wonderful discovery of Dr. Pierce's, called Anuric (for kidneys and backache), has been successfully used by many thousands who write Dr. Pierce of the benefits received—that their backache, rheumatism, and other symptoms of uric acid deposits in joints or muscles have been completely conquered by its use.

Send 10c to Dr. Pierce, Buffalo, N. Y., for trial pkg. of any of his remedies, or write for free medical advice.—adv.

'NIC' DEMAGGIO WILL SIGN UP WITH BEAUMONT

Don Rader Only Holdout Left Now

BEAUMONT, Texas, March 20.—"Nic" DeMaggio is the latest addition to the Exporter forces.

"Nic" hasn't arrived yet, but a telegram from the executive chairman of the south was dumped on "Boss" Edington's desk yesterday morning, announcing that DeMaggio had relinquished his highly remunerative position of the winter, and would arrive at Magnolia Park at once.

This leaves the holdout list of the Exporter ranks to Don Rader, who so far seems inclined not to come in at all.

The arrival of DeMaggio is a relief forward to with much anxiety; the addition of this man to Skipper Edington and Kirkham makes a batting trio which will send the ball whizzing around the old lot in several portions of Texas this year to the tune of many Texas League mound-walkers.

His arrival will certainly strengthen the Exporter forces considerably. Manager Edington has expressed himself as highly pleased with the showing made by the boys against the Kansas City Blues, and as only sorry they could not clash twice, in order that the Exporter forces might better display their wares.

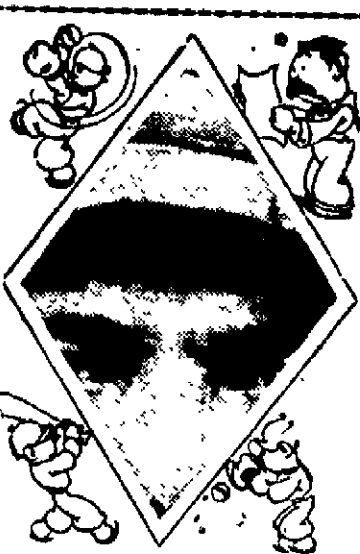

Preparations for other pre-season games are going ahead rapidly, and with the weather man permitting, plans are being made for several all practice days this week.

Ability to do something a little better than anyone else is what brings success in any line of business. This is why you are so endowed in certain features of play and as a result attached high favor with fandom. It so happens that fandom is exceedingly ticklish. You must constantly show the lovers of baseball, otherwise they soon forget the deeds of the past. It's not what you were, but what you are today with the baseball bugs. For that reason this bird will have to continue his little specialty, or soon lose the hero worship that has been showered on him, in favor of some of his rivals who are pressing him closely.

Loud Sweater Too Much For Walker

Carl Walker is one of the best players in the country, and incidentally he is the slowest. The day Hutchinson aside from being one of the cracks has by far the keenest sense of humor.

A year ago when Hutchinson returned from England after competing in the British open, he brought back with him a flock of sweaters that were so loud they fairly shouted.

One of the sweaters was a black and white check about an inch square. It so happened that the day Hutchinson was to follow Walker in a big tournament he wore this sweater.

As the two were waiting to tee off, Walker, intending to josh Hutchinson about the loud sweater, remarked: "Look, it looks as if you intended to play checkers instead of golf from the appearance of that sweater."

"That's just what I decided when I to enter I was going to play back of you. I knew I would have plenty of time, so I donned this sweater to fill in with checkers between shots."

That silenced Walker.

Morris Sets Sum at \$500 in Six Cases

Six men were placed under bonds of \$500 each following preliminary hearings on complaints of impersonating federal officers before U. S. Commissioner J. R. Morris here today. The complaints grew out of a complaint of a steward on a ship in port recently that he had been robbed of some money while submitting to arrest by parties who told him they were federal officers, police said.

Two women were placed under bonds of \$500 each by Commissioner Morris following preliminary hearings on complaints of having liquor in their possession. One of the women was arrested Monday night by Deputy Sheriff John Foose and Chief of Police M. B. Word when they went to her place on West Eighth street to serve a warrant and found her bottling liquor from a dishpan.

The other woman placed under bond today was arrested Saturday night by Detectives Cowen, Sinitiere and Myers when they raided her place on Sixth street and found a quantity of liquor and whiskey glasses. All of the men appearing before U. S. Commissioner Morris today made bonds and were released.

AIGRETTE (?)

(Continued From Page 1)

"I arrived just in time to stop a negro woman from throwing a dishpan full of whiskey out on the ground," he said this morning while relating the incident, on which occasion he and Officer Myers "killed two birds with one stone."

Warrants Served

The negress, the dishpan, a dipper, two quarts of the liquor and the white woman in the "parlor" who had shouted the warning that "let the cat out of the bag," all were brought to the city police station, while the bench warrants were served as instructed by the grand jury.

An hour later, the white woman had been released on bail of \$500 to await the action of the federal grand jury on a charge of having illicit liquor in her possession, while the negress had been released.

The dishpan, according to the detective, had contained over a gallon of whiskey of the "aged corn" variety.

Cowan as having said:

A Signed Statement

When brought before Assistant District Attorney O'Neal this morning, the negress made a statement which follows in part:

"I, Edith Taylor, being in the custody of an officer and having been duly warned by J. W. O'Neal, the person to whom this statement is made, first that I do not have to make any statement at all, and second that any statement that I may make may be used in evidence against me, make the following voluntary statement:

"My name is Edith Taylor. I had gone to bed on the night of the T. Thomas fire on Houston avenue, in Port Arthur, Texas, and there was a girl rooming at my house. She came to my house and said there were some friends of hers wanted to leave some things at my house and that if they could leave them we could have what we wanted of them. I gave my consent, and called Burr and Pete Kibb, two white boys, took a gang plank off the ceiling of my kitchen and to get in the left and put the things up there. After they put the things up there, they still had an automobile full of stuff in my back yard, and they drove off with it.

"About thirty minutes after they had gone I heard the fire whistle blowing.

"The next night they were back, and they said 'the ship did go up, didn't she?'"

to his partners in sinning.

Regarding Germany's immediate future, and in this connection, the ex-ambassador agrees with his bride—the princess is free from every illusion.

As I pointed out to her the national spirit sweeping Germany as the result of the Right occupation she said:

"I am pessimistic," and switched the conversation to personal affairs.

Approach of the town prince who on Christmas and his father's birthday came to Doorn and wife is expected here at Easter. Herminie called attention to his unenviable lot—banishment to Wroteringen.

"In this he resembles his father," the princess said. "Both possess unusual energy and do not permit themselves to be crushed by exile."

Crown Prince Nearly Starves

She told how the island home of the crown prince once was isolated by his from all communication with the mainland. The population, including the prince, was gradually approaching starvation, and plans were being made to transport food by airplane, just as the Dutch government was about to undertake this rescue mission a thaw came, breaking the ice.

The princess smiled reflectively at a reminiscence of what happened to her little boy at the hands of a Dutch policeman. There was quite a snowfall a fortnight ago and the

threw a snowball at a policeman. Not knowing the child, the officer "followed him to the castle gates," the princess said, not specifying at what place. Thereafter some of the Dutch press talked of Herminie's son—despite the fact, she pointed out, that he was only up to the pranks of ordinary youngsters—as a "bolshchvik."

That the ex-ambassador is living in a superfluity, but on the contrary, modestly, could be seen in his bride's remarks about the growing hard times in Germany with consequent flood of appeals for help.

"Unfortunately, it had been impossible to meet all requests," Herminie said. "Suppliants who ask for ten or twenty guilders—\$1 or \$5—and think they are quite modest, do not understand our situation; that is for us a considerable sum of money."

Soup a Great Feast

The court chamberlain later explained to me how in Doorn one must "cut the cloth closely," especially as long as negotiations between crown and state regarding division of the emperor's fortune continue.

They must live modestly here. When guests are invited the dinner consists of soup, an entree, meat and dessert.

For their own meals, the ex-ambassador and his wife have one meat and fruit. Friday's menu, for instance, consisted of:

Thick soup.
Baked sole.
Cake.

This was considered a great feast.

PIONEER CITIZEN DIES IN ORLEANS

C. W. Kramer 25 Years a Resident of Port Arthur

The body of Carl Wilhelm Kramer, pioneer citizen of Port Arthur, who died Monday afternoon about 3 o'clock in a New Orleans sanitarium, will reach Beaumont tonight at 8 o'clock. Mr. Kramer came to Port Arthur more than 25 years ago from Germany. He was connected at that time with an organization known as the International Trading company, but later went into the retail lumber business for himself. Mr. Kramer married Miss Margaret Laughlin, of this city, and besides the widow, he is survived by a daughter, Miss Margaret Kramer, attending school in Washington, D. C., and a son, Carl Kramer, of this city; his mother and four sisters, residing in Germany.

Burial will be made Wednesday at 3 p. m. in Magnolia Cemetery, Beaumont, under the direction of C. B. Keener, undertaker of the Roberts Funeral Home. Pall bearers are named as follows: Active, H. D. Steele, E. E. Gifford, F. H. Drumm, Peter Bos, Frank Imhoff and P. C. Pfeiffer; honorary, L. Schulz, H. F. Schultz, E. Oberholz, Alfred Spence, Ed Dodge, J. H. Abernethy, C. W. Rode, W. N. Long, of Houston, S. O. Latimer, Henry Lohman, George N. Bliss, William Nickel and Frank Trost.

FIRE ON U. S. VESSEL NOW UNDER CONTROL

\$100,000 MILL FIRE

OKLAHOMA CITY, Okla., March 20.—Fire of undetermined origin swept through the three-story structure of the Garrison Milling Company here today causing damage estimated at \$100,000.

In closing the interview the princess recalled her old home in the Saar country whence many letters have come to her rejoicing in her forthcoming trip. She goes to Silesia next month to join her eldest boys, at school in Germany, who will be on their holidays.

I mentioned that as a stockholder in the Greenbarger Zeitung, a newspaper published near Saarbrücken, she must be interested in journalistic things.

The Villagers Gossip

"Yes, my interest is always active," Herminie replied. "I have always advocated through the press the settlement of social differences—and permit me to say for myself—not entirely without success."

As we were exchanging a few words in parting the princess greeted her children playing at the gateway. The children, noisy and joyfully hailed her, took her hands and they disappeared into the park. Herminie looked happy as any bride could.

The court chamberlain subsequently assured me that talk of differences within the Hohenzollern household, hidden away from the usual world by ways, was purest fantasy of fevered journalistic minds.

The villagers—they are not entirely without prejudice and surely willing to gossip—say that what they have seen of the couple bears out the statement that Wilhelm and his bride are real honeymooners.

VISITORS HERE EULOGIZE PORT

(Continued From Page 1)

District Governor John Singleton, Committee on nominations, Jim Mapes of Beaumont; Horace Robbins, Wichita Falls; Hugh Lothrop, Texarkana; and the committee to present the gold medal for attendance, Frank Davis, Marshall, Dick Trotter, Dallas, and Ben Southerland, Mexico.

Despite the biting wind from the north, the pre-conventional arrivals put in a busy day yesterday seeing the sites and wound up the final preparations for the real business of the convention to start this morning with a grand ball and reception given on the roof of Hotel Beaumont last night in honor of District Governor John Singleton. Fair women and prominent men from all sections of the state literally covered the floor while conferences were going on in other parts of the hotel outlining business to be disposed of today.

Booth Makes Hit

So thoroughly had the Port Arthur club made arrangements to do its part toward the entertainment of the guests, that it would have been difficult to tell in which city the convention was to take place. Many of the Port Arthur members were in Beaumont early yesterday morning and the biggest thing to greet the Rotarians when they filed into Hotel Beaumont was the large booth erected by Port Arthur in the main lobby where folders and other information in reference to that city was given out. This booth was presided over by Roy Stump, general manager of the Port Arthur Chamber of Commerce.

Delighted With Treatment

The scores of visitors who took advantage of the opportunity yesterday to visit Port Arthur and participate in the hospitality of the Texas Company, were loud in praise of the port and many expressed the opinion that Port Arthur had unintentionally put in a strong bid for the state convention not many years hence.

Yesterday afternoon a long line of automobiles carried the visitors to the municipal wharves and Magnolia refinery. Later they were driven over the city and the visitors were allowed to direct the movement of the machine they were occupying any

where fancy might lead them.

First Day Many Seen

The first day of the convention saw many more Rotarians coming in in fact they arrived on almost every train coming from the north and west last night. Registration began this morning at 8 o'clock and there was a rush to register the work by 9:15, the allotted time.

This gave the visitors to minutes to reach the First Methodist church where the conference convened, Dr. J. Walter Mills, pastor of the church, delivered the invocation.

Hon. Walter J. Crawford, president of the Beaumont club, arose to the full height of his oratorical ability in welcoming the guests to Beaumont and to southeast Texas. He told the visitors that Beaumont, Port Arthur and Orange clubs considered it one of the greatest honors that could be bestowed upon them for such a representative galaxy of the leading business and professional men of the state of Texas to assemble here.

Governor Singleton Responds

District Governor John V. Singleton of Waxahatchie club, responded in behalf of the members of the Beaumont club. He spoke feeling of the reception given the delegates and said that they felt it was an honor for them to meet in a section of the state which had done so much toward the development of the entire state and this was a class of service dear to the hearts of all true Rotarians. He complimented the people on their progressiveness and the spirit which dictated the submergence of self to the common weal.

The convention was then entertained for five minutes with the singing of Rotary songs under the leadership of Chas. LeBlanc, member of the Longview club.

At 10:15 Past District Governors Lynn B. Milam, Billie Richardson, Tom Reed, Bob Vinson, Lester Stark, Lize Coles and George Holman, and other visitors were present at the convention. This was followed by a solo by Mrs. Roy Jacobs of Waco.

Ralph Bristol of Odgen, Utah, director of Rotary International, delivered a very able address on "International Rotary." He took up the principles on which Rotary was founded and painted a word picture of how those principles were being taught and practiced today in practically every civilized country on the globe.

Recess for luncheon was taken at 12:00 o'clock when a photograph was taken of the assemblage by Bernard Way of the Beaumont club.

Three Luncheons Served

The more than a thousand visitors were the guests of the three clubs at luncheon today. On account of the absence of a hall of sufficient size to accommodate them they were divided up into as many club strong and its guests were assigned to the Hotel Beaumont. The Orange club and guests were given the main dining room of Hotel Beaumont, while the Beaumont club entertained its guests in the main dining room of the Crosby house.

Afternoon Session

The afternoon session was opened promptly at 2 o'clock with singing led by "Shy," Shepherd of Wichita Falls Rotary club. District Governor John V. Singleton then read his report which showed that Rotary had passed through one of the greatest years in its history in point of new clubs organized, new members enrolled and service rendered to the cities where clubs were located. He pointed out that the spirit of Rotary was founded on principle so sound and worthy that they filtered out into the daily life of the citizens who were debarked from membership on account of the constitutional limitation of membership.

Hon. J. M. Aldridge of the Waxahatchie club delivered a very forcible address on the "Functions of Legislation" and Present Educational Needs.

SAN ANTONIO, Texas, March 20.

The mystery surrounding the bones found near here today took a balloon ascension late today when the authorities found the bones to be those of pigs and cows.

Two Styles Now

Tell Him which style you prefer

Quaker Oats now comes in two styles—the Quick and the Regular.

Quick Quaker Oats—perfected by our experts—is the quickest cooking oats in the world. It cooks to perfection in from 3 to 5 minutes. It cooks as well as an hour would cook it. Experts certify to that.

So Quick Quaker is almost ready to eat. It is ready before the coffee.

Both flaked from queen grains
Both have that extra flavor

Quaker Oats stands supreme among oat foods the world over. Millions of oat lovers send overseas to get it. Nowhere on earth do people find an oat dish that compares.

The reason lies in flavor. Quaker is flaked from queen grains only—just the rich, plump, flavory oats. A bushel of choice oats yields but ten pounds of these delicious flakes.

Quick Quaker is made from the same queen oats. But the grains are cut before flaking. They are rolled very thin and are partly cooked—roasted and steamed 90 minutes.

So the flakes are smaller and thinner—that is all. And those small thin flakes cook quickly.

The kind that children love

Quaker Oats is made to foster the love of oats. The oat is supreme food. As a food for growth and as vim-food nothing can take its place.

Oats yield 1810 calories of nutriment per pound, while round steak yields 890. Oats supply 16 needed elements in a balanced form. They are rich in minerals which growing children need. So the oat forms almost a complete food—nearly the ideal food.

Every mother wants to make this dish inviting, and we make these luscious flakes to aid her. Yet they cost no extra price. Quaker Oats, in either style, costs but one-half cent per dish.

We'll buy a package for you

We want you to try Quaker Oats this week in the style which you prefer. Any grocer will accept this coupon for a full-size package, and we will pay him for it.

Present it this week to your grocer. Tell him which style you want—the Quick or the Regular. Learn how much this extra flavor means to you and yours.

Cut out the coupon so you won't forget.

This offer expires March 31st, 1923.

One Package Free

Insert your name and address. Then present this coupon to your grocer. He will give you a package of Quaker Oats (standard package)—either the Quick or the Regular—and charge the price to us.

TO ALL GROCERS: Please accept this coupon for a standard (1 1/4 lb.) package of Quaker Oats, either Quick or Regular. At the end of week, send us all the coupons you redeem with bill at your retail price, and we will send you check. In our mutual interest, please co-operate.

BEST DRILLED BAND IN TEXAS

Famous Longhorns to Appear Here Wednesday

The "T" marching formation that has won fame and awards for the Longhorn Band of the University of Texas will be used by the band when it parades Procter street Wednesday night in Franklin school auditorium, under the auspices of the Randolph Lambert Post, American Legion, and the Legion auxiliary.

The "T" formation of the band while on the march is credited with winning for the organization the distinction of being the best drilled and best playing band that entered the "Battle of Flowers" parade at the Spring Fiesta, in San Antonio, in May, 1922, over the Elk's band, of that city, as well as six military bands entered from Fort Sam Houston.

It has become a custom at the University for the band to close its ranks into this "T" formation while playing the Texas melody, "Love Nobodies But You, Babe."

LONGHORN BAND'S FAMOUS "T"

58TH JURY GIVES NEGRO 2 YEARS

Deaf and Dumb, Plea for Suspended Sentence Fails

BEAUMONT, Texas, March 20.—Despite the plea of attorneys for the defense because of his being deaf and dumb, a jury in the fifty-eighth district court yesterday afternoon, gave George Jones, a mulatto, two years in the penitentiary on a charge of assault to murder. It was alleged in the indictment that he made an attack on C. S. McConico with a six-inch monkey wrench in 1922.

Jones is 24 years of age and his attorney pleaded for a suspended sentence. District Attorney Marvin Surlock vigorously opposed leniency to this extent, declaring that no one under 25 years of age had been required to pay the penalty for a felony in Jefferson county in the past ten years.

The real theme runs through the story like the undercurrent of a mysterious river. It is the passion of an old Chinese philosopher for his ideals—principles of right and wrong that he found himself and not sections and paragraphs from quibbling statute books. In his Oriental devotion to what is right, E. A. Warren shows the Chinese dealing a justice "outside the law."

Whether it is a broken ring, or other piece of jewelry that needs repairing or remodeling, we can give you a service that is careful and exacting.

Also, your watch will serve you better, if it is cleaned frequently.

"OUTSIDE THE LAW"
The most dramatic of recent years that are really great may be counted upon the fingers of one hand or named with one breath. But a place among them is earned by the newest story of the underworld. It is "Outside the Law," a film feature written and produced by Tod Browning, in which Priscilla Dean is starring on the screen of the Liberty theater today.

"The struggle of crooks to go straight is an old theme—out the Rogel, application for writ of habeas corpus."

Priscilla Dean

Consul Milano Here Seeks Relatives of Boy Killed by Train

Efforts to communicate with the father of Frederick Michael Rossi, whose decapitated body was found on the Southern Pacific tracks near the Beaumont depot Saturday night, are being made by Italian Consul F. Milano, of Port Arthur.

A verdict of accidental death was returned today by Justice of the Peace H. H. Reeves, acting coroner, following an inquest. About 20 witnesses were called to testify before Judge Reeves at the inquest hearing Monday, but he withheld his verdict until today.

Beaumont, Italians have started a subscription fund to defray funeral expenses for the dead youth. Papers found in his room in the Newport hotel, Beaumont, indicate that he has a brother residing in Highwood, Conn., and other relatives in Toronto, Italy. It is believed Rossi is a veteran of the world war, and saw service in the Italian army.

OLD KING TUT AFTER 3500 YEARS BECOMES DICTATOR OF NOBBY SPRING FASHION

ONE can forgive old King Tut for filling the newspapers with stories of the treasures of his tomb, since his discovery is responsible for such lovely garments as shown in downtown shops. The Egyptian influence is shown in frocks, wraps, sweaters, hats and jewelry.

The spell of ancient Egypt is still on us. One must change her nationality this year and become Egyptian. No matter how tired one becomes of reading old King Tut, she will be wearing all sorts of things never worn before his tomb was opened.

Colors have succumbed to the general tendency, and pyramid gray has supplanted the gentle drab of former years. Good old caprice blue now camps under the name of "Cypriote"; there is called Egypt; pale green comes Nile; and tan is sphinx.

"Will the fashion world be revolutionized by the discoveries unearthed in King Tut's tomb?" is an oft-asked question today. The answer is unquestionably "no." That same old, old, and in a sense, spirit which led to the discovery of King Tutankhamen will lead them to other fields.

But fashions will never settle for any length of time to one particular trend of style. Right now while the Egyptian print are being seen, frocks which have taken the French Renaissance for their inspiration and frocks with flowing peasant lines are being favored. Although it is most certain that the Egyptian influence will continue until fall, there is no reason to believe that after the summer the Egyptian fashions will be the leading ones.

If old King Tut could look out through the two magic eyes carved on the inside walls of his tomb so that he might look through at any time and see what is going on in the world and see what he has done—he would have reason to believe that he had not fared so well.

And not only have the Egyptian styles been adopted by girls, but they are assuming an Egyptian walk. Coming after the debutant stomp, the Egyptian walk is really quite a relief, for it demands a firm, rigid backbone, an erect head, hands held at the sides with the fingers slightly extended.

The dark haired girl has everything for her own way this season, for surely no other type of hair is so well suited to the Egyptian style. She of course the flatterer of the club, in the ruffled summer frocks will be doubly attractive, owing to her rarity—she should have an Egyptian shing.

WITH the signing of the lease for the location of the new Department Clubhouse and the letting of the contract for the erection of the building by the Ways and Means committee, of which Mrs. C. L. Wignall is chairman, the first tangible efforts of the club women of the city will be made. The lease for the land was presented to the Department Club yesterday by a representative of the city commissioners, and the Ways and Means committee was authorized to let the contract.

The finance committee, of which Mrs. A. A. Gunter is chairman, gave in detail the donations received from the Port Arthur public and the club women, and told of several liberal donations received from Port Arthur business establishments. The committee is attempting to secure further donations, following which a definite report will be made.

Plans for the club house with the enlargements perfected were adopted by the Department Club yesterday. The entire floor space of the club house will be 4476 feet. The auditorium will be 2670 feet and will contain a cheery fireplace and a rostrum. The auditorium will consist of the central portion of the building and extend the entire side of one end. A camp fire room, 1624 feet, will adjoin one end of the auditorium.

AN ATTRACTIVELY ARRANGED affair of the week's calendar of events was the entertainment last evening, having as hostess Mrs. H. L. Livergood, the personnel of guests including members of the Saturday Five Hundred Club.

Lovely red geraniums and roses in graceful arrangements in baskets and vases gave floral beauty to the rooms given over to the hospitality and form of a charming setting for the evening's diversion of five hundred.

For success in the games the prizes for high scores were captured by Mrs. H. L. Livergood and Mr. Guy Halton, and second favors were received by Mrs. Henry Crighton and Mr. A. Cossac. Consolation prizes were

by Mrs. L. L. Billeaud and Mr. Phillip Rogers, and both favors were presented to Mrs. A. C. Kuhlman and Dr. J. A. Broussard. The guest favor was presented to Mrs. P. T. Fleming. A tempting five course luncheon was served at the close of the games.

The personnel of this evening's affair included Dr. and Mrs. J. A. Broussard, Mr. and Mrs. Shiner Wolford, Mr. and Mrs. J. P. Logan, Mr. and Mrs. Arthur Wolford, Jr., Mr. and Mrs. Albert J. Krohn, Mr. and Mrs. L. L. Billeaud, Mr. and Mrs. Guy T. Halton, Mr. and Mrs. Phillip Rogers, Mr. and Mrs. A. Cossac, Mrs. A. C. Kuhlman, Mrs. A. Parrish, Mrs. Henry C. Crighton, Mrs. H. Crighton, Mrs. T. P. Fleming, and Mr. and Mrs. H. L. Livergood.

Mrs. J. P. Logan will entertain the club on April 4 at her home on Maple avenue.

A CHARMINGLY INFORMAL affair of Monday, which in itself was a "just a gathering" was Mrs. Milla S. Cossac's entertainment of the members of the Eldon Kappa Society at her home, 440 Nashville avenue.

Following the pleasant evening of sewing and conversation, a tempting refreshment service was offered by the hostess.

Those enjoying the affair were Miss Hannah Bos, Miss Virginia Muniz, Mrs. P. Wain, Mrs. Sam Ransom, Miss Virginia Mark, Miss Minerva Cossac, Mrs. J. A. Lejeune, and Mrs. Milla S. Cossac.

Miss Hannah Bos will be the club's hostess next week at her home, 1840 Lake Shore drive.

THE ORDER OF THE RAINBOW for girls will meet in a called session Wednesday afternoon at 4 o'clock at the Masonic hall. It is hoped that all members of the Rainbow order will attend this meeting.

A SOCIAL HOUR WILL FOLLOW the March Senior School Conference Wednesday evening at 7:30 o'clock at the First Christian church.

The conference will be a gathering of all the teachers, officers, and all that are interested in the Sunday school work and in the pre-Easter campaign of the church.

Special Services at St. George's Wednesday

Special services will be held at St. George's Episcopal church Wednesday evening, following which there will be a meeting of the parish association, which consists of all organizations of the parish.

Rev. L. R. Frank, rector, announced that the organizations have been increasing so substantially that he hopes a large attendance will be present Wednesday evening. Rev. Frank will present several important matters to the parish on this occasion.

Waist Lines Low waist lines continue to be the accepted spring style. They are, however, not slipping any further down. The blouse may be a basque or it may blouse over anywhere from two to six inches below the normal waist line.

The Spring Veil A short veil that falls just below the hair brow and conceals the eyes most alluringly is one of the favorite types for spring. For close veils, the wide-meshed heavy one is worn.

Shingled Looks The shingle, much worn in Paris, is threatening to supersede the bob in popularity. It gives a scooped-in appearance at the back of the head and is especially favored by the young woman who aspires to a drowsy and languid look. The hair is cropped close at the back, with the long hair from both sides meeting there.

Taffeta Hats Corded taffeta makes smart little sport hats that are popular now with jersey and tweed costumes.

Bathing Suit Amplifying the scantiness of the one-piece bathing suit are detachable wristlets and decorative bands to be worn about the thighs and legs.

Funeral for Aged Silsbee Resident is 'Held Here

Funeral services for John P. Silsbee, 75, who died at his home, in Silsbee Sunday night at 10:30, were held at 3 p. m. today from the funeral home of the First Methodist church, South, officiating. Burial was made in City cemetery, under the direction of J. E. Grammer, undertaker.

The deceased is survived by his widow and six daughters, Mrs. O. W. Holmes of Silsbee; Mrs. O. Carden of Houston; Mrs. J. B. Chamberland of Lockhart; Mrs. J. T. Chamberland of Victoria, La.; Mrs. Nick Franklin of Port Arthur; Mrs. A. Dougherty of Wichita Falls; and four sons, J. M. of Santa Barbara, California; L. E. of Leesville, M. B. of Unionville, La.; and J. C. of Shreveport.

'Ape-Man' Terrorizes Women in Iowa City

COUNCIL BLUFFS, Iowa, March 20.—"The Ape-Man" who has terrorized women here for the last week, failed to appear last night for the benefit of police and civilian searchers.

A dozen women, frightened during the week by the ape-like creature, waited at police headquarters throughout the evening. Chief of Police Nicoll today began an investigation among several ciphers which have wintered here.

Lace Frills The lace frill about the neck and cuffs is one of the features of this season's frocks. It is one of the most flattering styles ever invented and will give distinction to the simplest attire.

Lace or Malines Black lace or black maline is used to soften the rather hard line about the smart black turbans for spring.

Elaborate Sashes Gowns of the utmost simplicity are transformed into distinctive creations by the clever manipulations of the new sashes, in gorgeous colors, which are used as sashes, sleeve draperies and other adornments.

Where the Promise is Performed

Quality Footwear

The latest Spring creations at \$10 to \$11.50—of course they are Brooklyn turns.

Brooklyn to the shoe world is like Paris to women's fashions. For quality footwear, the \$10 to \$11.50 grade, we insist on Brooklyn shoe craftsmanship, because Brooklyn made turns fit better, look better and are better, you can tell the difference the moment they are on your foot.

Strapped styles are good for Spring. Colonial are favored by some, but the very new models show open work fronts, sumptuous with silk ribbons. Blacks, both in satin and patent predominate for dress with a grey or sand or brown model for the occasional call.

BLACK SATIN—Of rich quality, very plain, with self-stitched throat, 16-8 Junior heel, hand turn, pair 10.00

BROWN SATIN—A one strap style of brown satin, brown suede trimmed, 16-8 Spanish heel, hand turn, pair 10.00

PATENT OXFORD—A novel style with front of patent underlaid with taupe suede, 16-8 Junior heel, hand turn, pair 10.00

BLACK KID—One of the beaded favorites, small tongue effect with heads at the throat, Louis heel, hand turn 10.50

PATENT—A plainly perfect patent pump with small throat and tongue that is beaded, Louis heel, hand turn 10.50

BLACK SATIN—A Weimar creation of black satin, one strap with cut out effect, silk embroidered throat which allows the stocking to show through, hand turn 11.00

GREY SUEDE—A novelty style of grey suede with patent collar and paneled throat, 15-8 Junior heel, hand turn, pair 11.00

BLACK SATIN—One of the newest, rich black satin black suede open work front, oxford appearance with a single tie of black silk, 14-8 Junior heel, turn sole, pair 11.50

NORMA TALMADGE'S Manners.
By Norma Talmadge
© 1923 by Norma Talmadge

EVERY woman admires a well-dressed man. She grants him wide latitude in selection of materials, but she is exacting about cut and fit. American tailors are guilty of many unhand-some freak styles, and many American men are guilty of wearing them. But any man can have distinctive clothes, and yet have them within the confines of good taste.

1. The full dress suit must be perfect in fit, cut and material; it should be made of dull-faced broad, worsted, with satin facing and collar and wide band on the trousers, but no other trimming.

2. With the full dress suit wear a white linen waistcoat, white lawn tie, white handkerchief, white gloves and white buttonholes. English silk hat, white or black-and-white mutton, patent leather pumps, shoes or ties and plain black silk socks, black or dark blue overcoat, plain white scarf. The patent leather pumps should be worn only when it is the intention to dance.

3. With the dinner coat wear trousers with brand narrower than the full dress trousers; white or black waistcoat, plain black silk or satin tie.

4. Handkerchiefs should be coordinated with the suit, and should be of the same color as the tie.

IT'S BAD MANNERS for a man to wear a jawbreaker on his third finger; it should be worn on the little finger.

should wear the same suit more than three days consecutively, but should alternate.

A Beautiful Complexion of Satin-Like Texture
The incomparable beauty of thousands of women—that smooth, satin-like skin texture so much admired—is the result of *Nadinola Cream*, which has proved itself for a quarter of a century, the standard bleaching and beautifying cream.

Scientists long ago discovered and combined in *Nadinola Cream*, elements which bleach the skin and remove tan, freckles, spots, and other discolorations. Of its own peculiar virtues, it rids the skin of impurities and leaves it smooth and beautiful.

The 50c package will remove mild cases, the \$1.00 size more stubborn cases.

Want Allies to Take All German Planes

PARIS, March 20.—Four million Frenchmen, one-quarter of the male population of France, have signed a petition to the government asking it to take measures to have the German air industry placed under the direct control of the allies.

The construction of war planes by Germany is forbidden by the Treaty of Versailles, but since last summer the building of commercial machines has been permitted. French experts believe that the German factories are turning out thousands of such machines capable of being transformed overnight into formidable weapons of the war of tomorrow.

A Berlin review of the Motorwagen published recently a description of a new "sport" hydroplane, known as the W-19, which can be dismantled and transported in five watertight cases about twelve feet long and less than three feet in diameter. Another similar machine has been constructed which can be enclosed in a single tube about twenty feet long. The operation can be accomplished in two minutes.

It is said that these hydroplanes are constructed for use aboard submarines. Jean Fabry, the "Blue Devil," who visited New York in 1917, quotes from the Almanach for 1922 of the German Veterans' association the following:

"Our wings of steel will soon be heard. Striking terror into England's heart." Five thousand copies of the appeal launched by the newspaper L'Echo de Paris in an effort to prevent this threat being put into effect, not only against London but against Paris. "The German's wings," that is the cry of the 2,000,000 Frenchmen representing all classes of society, who have signed the petition.

STORE CUTS PRICES TO BOY SCOUTS HERE

Port Arthur Boy Scouts are offered a 25 per cent reduction on purchases made at a Port Arthur army goods store, 219 Procter street, David W. Edly, scout executive, has been advised by the management of the store. The reduction is made in order to help Scouts get the equipment needed for their summer camps, hikes and uniforms. The scout executive said: "The only condition put on the offer is that boys must present their Scout credentials when going to the store for their purchases."

TAKE SALTS IF RHEUMATISM IS BOTHERING YOU

Tells Rheumatism Sufferers to Take Salts to Get Rid of Toxin Acid

Rheumatism is no respecter of age, sex, color or rank. If not the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat no sweets for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid or body waste matter, and it is often generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism. At the first twinge of rheumatism get from any pharmacist about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize uric acid, remove waste and stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons. Jad Salts is inexpensive, and is made from the acid of cranberries and lemon juice, combined with lithia, and is used with excellent results by thousands of rheumatic sufferers.

SCOUTS SEEK CAMP MONEY

Many of 350 Seek Jobs to Pay Way Through

Port Arthur has 350 lawn mowing experts. They're Boy Scouts in the city, looking for chances to earn their own money for the summer camp. This youngster, who is getting the benefit of Jim Barnes' experience, was destined to cut a wide swath in golf circles inside of the next two years, if not sooner. Recently I have seen Farrell perform in a number of golf tournaments in the south, and his work has been one of the outstanding features of the play of the many professional stars now touring that section. Farrell is in a sense a protégé of Jim Barnes. The veteran is very fond of the youngster, and was paired with him during a recent amateur of Cuba as well as in many of the southern matches.

Traveled 3,000 Miles So She Could Get Bath

LOS ANGELES, March 20.—Nita Saldi, movie actress, came 3,000 miles to get a bath.

Nita, of "Four Horsemen" fame, was working in a Paramount picture in New York City. The picture called for a beach scene. The company went out on Long Island, and waited for a beach scene. But the snow came down and the thermometer too, and it was so cold that Nita, simply couldn't do her stuff on the beach with any semblance of enjoyment, and going into the Atlantic by waters was just impossible.

Finally the management decided they couldn't hold up the picture any longer. They figured they'd either send the company to Florida or Los Angeles, and as all movie equipment was ready at hand at the Lasky studio here, they sent the company across the continent. The day after they got here Nita went down and got her bath in the ocean at Venice.

YOUNGSTER LOOMS ON GULF HORIZON

\$45,000,000

Treasure Hunters to Scrape Bottom of Sea

LONDON, March 20.—The race of "Sunken Treasure" is again tempting London speculators, and a company has been formed to test whether there is a matter of \$45,000,000 still at the bottom of Navarino Bay, off the west coast of Greece.

When in 1827 the combined British, French and Russian fleets, under Admiral Cockington, destroyed the combined Turkish and Egyptian fleets at Navarino, 1 was generally understood that the Russian ships carried vast sums in bullion and treasure.

According to records, at least 62 Turkish Egyptian ships were sunk. One London Levantine merchant claimed that one of his ships sunk, carried gold and pearls to the value of 125,000,000 francs—practically \$25,000,000.

According to another source the Turkish flagship carried \$1,000,000 in cash and a still larger sum in jewels and precious objects, worth five other ships were alleged by the Turks to have contained over \$20,000,000 worth of specie and plate.

In 1912 a London company was formed to exploit the "treasure," but the war intervened and the company expired in 1920. The Greek government has just granted another concession.

Notably, a bird which cannot fly, is almost extinct.

HUGE ROYALTIES ARE TIED UP IN COURTS

ORANGE, Texas, March 20.—Due to suits pending in the courts, enormous royalties reported to be flowing into the coffers of Oscar Chesson, from his 50 acres of land in the heart of the producing Orange oil field, cannot be paid until his title to the land is absolutely cleared. It became known here today, Chesson is receiving a large income, however, from surface leases for scores of buildings on his property.

Tested Recipes For The Housewife

Macaroni Salad

When cold meat is the main dish for luncheon or supper, macaroni may be made into a tasty salad to go with it. This dish consists of the following ingredients:

Three cups of cooked macaroni; one cup of celery; one apple; one small onion, thinly sliced; one green pepper, cut into dice; one pimiento or canned red pepper; four tablespoons of oil; two tablespoons of vinegar; one teaspoon of salt; pepper to taste; one cup of cooked salad dressing or a cup of mayonnaise; and two tablespoons of tomato cats-up.

Cut the celery and macaroni into small pieces. Pare, core and cut the apple into very small, thin slices. Mix all the ingredients together and set in a cold place to chill.

Serve on a platter surrounded by slices of meat or hard-boiled eggs, or serve separately on lettuce or any other green salad plant.

Fruit Salad

Mix together two oranges, freed from skin and seeds, and separated into sections; two apples, pared and cut into small pieces; a cup of dates, stoned and cut into quarters. Add one-fourth cup of salad oil, a tablespoon of apricot and a little black pepper. Mix thoroughly and add a tablespoon of lemon juice or vinegar. If too acid, add also a teaspoon of sugar.

Serve on lettuce, escarole, romaine or any green salad plant, passing mayonnaise, if desired.

This salad, with cream cheese and crackers, or plain bread and butter sandwiches, is sufficient for both salad and dessert.

Potato and Egg Salad

Cut three cups of cold boiled potatoes into small cubes. Finely chop two hard-boiled eggs. Cut two pimientos into small dice. Thinly slice a small onion, or if a bunch of young green onions should be used, take two or three inches of the green stalks. Mix all the ingredients together, with two tablespoons of chopped parsley; a teaspoon of salt and a little pepper to taste, add a cup of cooked salad dressing or mayonnaise, or individually, in a nest of the leaves.

ACTRESSES MAY DENY CHARGES

Farrar's Divorce Suit Takes Sensational Turn

NEW YORK, March 20.—Actresses named by witnesses for Geraldine Farrar in her divorce suit against Lou Tellegen are expected to come forward when the case is resumed Friday and deny the charges.

These actresses are Lorna Ambler, an Australian, and one known in the testimony only as "Miss S. L." Witnesses mentioned a third woman as being friendly with Tellegen, a "Miss Clifford," of California. Tellegen, who is on "the road" in a play, declares he is not much interested in the divorce proceedings now on before a referee here and will give no indication of what course he intends to pursue.

Norman J. Fitzsimmons, a private detective, testified that he saw Tellegen, who at the time was playing the leading role in Don Juan here, hugging and kissing Miss Ambler in the darkened vestibule of an apartment house. The stage lover also indulged in "petting" in other quite prosaic and commonplace locations, such as on park benches, Fitzsimmons said.

American Syndicate To Manufacture Pearls Out of Scales of Fish

LONDON, March 20.—Negotiations for the entire available supply of fish-scales in Scotland are being conducted by an American syndicate which has discovered a process whereby the scales may be made up into artificial pearls.

For several weeks members of the syndicate have been touring Scottish ports, buying up the waste fish-scales—principally from herring, which are considered the best.

They are also acquiring options on factory sites, where the preliminary stages of the pearl-making are to be carried out.

The syndicate plans to treat the fish-scales and compress them by a new process. The compressed scales are to be sent to the United States for finishing.

It has been found that the scales of North Sea herring are the best in the world for the purpose, and it is stated they have acquired rights to all available herring scales in Aberdeenshire, as well as elsewhere in Scotland.

The Board of Agriculture and Fisheries here said that by compression the fish-scales were to be turned into a material called "Chitin." Its use so far has been confined to chemical laboratories, but that by a secret process it was intended to apply the substance to artificial pearls.

It is claimed that the fish-scales will give artificial pearls the glow and feeling of real ones.

GEORGIA FRUIT CROP DAMAGED BY FROST

ATLANTA, Ga., March 20.—Considerable damage was done the Georgia fruit crop by the cold wave last night which forced the thermometer to 17 degrees above zero in some sections, the lowest temperature in 27 years. Sprinkles flared throughout the night in orchards in all sections of the state.

BUTTER THE CUPS
Butter your custard cups before filling them. They will not be so hard to wash.

LEMON DROPS ARE GOOD
Lemon candy drops served with tea are preferred by some to plain sugar and lemon.

USE STRONG BRINE
You can clean willow furniture by giving it a thorough bath in a strong brine. Salt and vinegar will clean brass.

HEAT THE MILK
The undermost to your custard pie will always be crisp if you heat the milk to the boiling point before mixing it with the eggs.

Meats From Contented Animals

There are as many grades of meats as there are grades of most things you buy. But there is only one grade here—the best. Nothing else is permitted in our shop. The low prices make trading here most interesting.
